

The critical role of timely genomic profiling in NSCLC

Friday, 22 March 2024, 18:45–20:15 (CET),
Forum Hall, Prague Congress Centre,
Prague, Czech Republic

Fernando López-Rios
Hospital Universitario 12
de Octubre, Madrid,
Spain

Francesco Passiglia
University of Turin,
Turin, Italy

Morten Grauslund
Copenhagen University
Hospital, Copenhagen,
Denmark

Agenda

- Welcome and Introduction
Fernando López-Rios
- Navigating NSCLC: Oncologists' perspective on biomarker testing needs
Francesco Passiglia
- When tissue is the issue – optimising rapid liquid biopsy testing in NSCLC
Fernando López-Rios
- Insights from in-house: evaluating the impact of ultra-fast NGS on patient outcomes
Morten Grauslund
- Q&A and panel discussion
All speakers
- Closing remarks
Fernando López-Rios
